EXPRESSION OF INTEREST

**Expression of Interest for the Climate Smart Agricultural Services to
farmer groups**

AGRI/ KCSAP/EOI/03/2019-2020

The Kenya Climate Smart Agriculture Project (KCSAP) is a Government of Kenya initiative Supported by the World Bank. The Project Development Objective “*to increase agricultural productivity and build resilience to climate change risks in the targeted smallholder farming and pastoral communities in Kenya, and in the event of an Eligible Crisis or Emergency, to provide immediate and effective response.*”

The Project activities will contribute to these objectives by Up-scaling Climate-Smart Agriculture (CSA) Practices and supporting smallholder farmers to adopt integrated climate-smart Technology, Innovation and Management Practices (TIMPs) and also support investments through a community-driven development approach in smallholder agro-pastoral production systems and in pastoral extensive production systems in the Project area. The key implementing agents of this project are the Ministry of Agriculture, Livestock, Fisheries and Irrigation (MOALF&I); Kenya Agriculture and Livestock Research Organization (KALRO); Kenya Meteorological Department (KMD); and County Governments in the targeted Counties. Farmers will access services through Producer Groups which are the vehicles for Farmer Empowerment. CSA oriented extension principally embraces sustainable approaches to service delivery. KCSAP will therefore use the value chain approach. As such, services will be offered along specific value chains in the project areas.

To improve accountability, and efficiency, KCSAP will contract qualified service providers (consortia) that has a mix of skills to provide advisory services along the segments of proposed agriculture value chain. Prospective consortia are expected to include; individual professionals from agricultural firms, public extension, private firms, producer organizations, cooperatives, universities, non-governmental organizations (NGO) as well as faith based organizations (FBO). However, existing reputable organisation(s) with technical and administrative capacity to provide advisory extension services may be considered for service delivery without necessarily teaming up to form consortia.

The Project hereby invites eligible consortia to provide technical advisory services to Farmer/ Producer Groups in Nyeri County within the following project six wards:

1. Thegu and Gakawa Wards of Kieni East Sub County, -*Dairy com, indigenous chicken, irish potatoes and bean value chain.*
2. Mugunda and Gatarakwa Wards of Kieni West Sub County, -*Dairy com, indigenous chicken, irish potatoes and bean value chain.*
3. Mukurweini Central and Rugi Wards of Mukurwe-ini sub-county, -*Dairy com, indigenous chicken, Banana and Bean value chain.*

Through Community Common Interest Groups (CIGs), Vulnerable and Marginalized Groups (VMGs) and Producer Organization’s (POs).

The institutions/firms must demonstrate experience in working with smallholder farmers in the provision of CSA services at various levels along specific Agricultural value chains. In addition, they must provide information indicating their qualifications or qualifications of the individuals who will perform the services.

The overall objective of the assignment is to provide farmers with services that enhance increased productivity, increased resilience and reduced greenhouse gases i.e. triple wins in the five (5) Value Chains in Nyeri County which includes:

(1). Dairy Cow (2) Indigenous chicken (3) Irish Potato (4) Banana (5) Beans.

The envisaged interventions will aim at improved yields, sustainable land management, water management, reduced pre and post-harvest, losses, improved quality and incomes, introduce competitiveness within the identified value chains, increase the value of basic production through adoption of CSA TIMPs, use of agro-weather advisories, gender and nutritional mainstreaming, integrating environmental and social safeguards, the introduction of transformation and other value added processes, enhance access to local, national, regional and international markets, improve organizational and management skills of the agro-entrepreneurs and improve the incomes of the small scale farmers through the creation of synergies and net workings for sustainable impacts among other benefits accrued from the engagement with the service providing firm/consortium.

Requirements

The Consortium should provide:

- a) Company Profile including copies of registration certificates.
- b) Valid tax compliance.
- c) Two years audited reports (2017&2018).
- d) Evidence of extensive experience in designing and implementing farmer-based development projects.
- e) Evidence of expertise in capacity building, Climate Smart Agriculture and Agricultural value chain.
- f) Evidence of having relevant participatory skills.
- g) Evidence of knowledge on gender, nutrition, social and environmental safeguards mainstreaming in project implementation.
- h) Evidence of similar work undertaken in the last 3 years including contacts of references.
- i) CVs of the key personnel in the team proposed to undertake the assignment- consortia professional mix of expertise and not individual to address various issues along to address various issues along the value chain.

Added advantage if:

- i. Evidence of knowledge on gender, nutrition, social and environmental safeguards mainstreaming in project implementation is attached.
- ii. Certificates in Agriculture fields are attached.

Interested and eligible firms may obtain additional information from the office of the County Project Coordinating Unit (CPCU) and they must meet all the conditions as indicated.

Completed Expression of Interest in plain envelopes clearly marked

AGRI/KCSAP/EOI/03/2019-2020 and indicating the specific value chain the service provider is interested in and is addressed to:
